

TWO PLACE AIRCRAFT 2015/2016 PRICE LIST

(US Dollars)

General Aircraft Kit Information For All Models

<p>Airframe Kits:</p> <ul style="list-style-type: none"> • Contains all parts necessary to build a complete aircraft (except paint, varnish, restraints, instruments, upholstery, and engine) • Pre-cut, shaped, and slotted wood parts • Formed, drilled and shaped fittings • Hardware • Molded fibreglass cowl • Fuel tank • Full scale plans • Fabric and fabric cement • Wheels and tires • No welding required 	<p>Quick-Build Airframe Kits:</p> <p>Contains everything listed in the airframe kits plus the following pre-fabricated components to shorten building time – ribs, spars, wing tips, fuselage sides, bulkheads, fin, rudder, horizontal stabilizer, and elevator. The majority of these components will be completed with the builder performing the final gusseting and shaping.</p> <p>Partial Kits:</p> <p>These kits are provided for the builder who prefers to “pay-as-you-build”. The wing or fuselage kits are optional as first or second kits, but the hardware kit is sold only as the third kit. Once these three partial kits are purchased, they are the equivalent to the airframe kit previously described.</p>	<p>Wing Kit:</p> <p>Contains material and full scale plans to build the wings, horizontal stabilizer and elevator.</p> <p>Fuselage Kit:</p> <p>Contains material and full scale plans to build the fuselage, fin and rudder.</p> <p>Hardware Kit:</p> <ul style="list-style-type: none"> • Fittings • Aluminum hardware • Molded fibreglass cowl • Fuel tank • Windshield and window material • Landing gear • Bolts and fasteners • Fabric and fabric cement
